**Subject:** Possible dates for Wilcox Oil Company meeting in Bristow

Good afternoon,

Last fall, we held a meeting with tribes and agencies working with tribes regarding the Wilcox Oil Company Superfund Site in Bristow, Oklahoma. It was held in the meeting room at the Bristow Public Library from 10 am to noon, November 4, 2014. Our goal was to introduce everyone and establish good working relationships as we work with the site. Todd Downham, Oklahoma Department of Environmental Quality (ODEQ), has been working at the site for a number of years gave everyone an overview of the site and answered questions during the meeting.

We would like to meet again on **Thursday, April 9, 2015**; alternatively, **Tuesday, April 14, 2015**, from **10:00 am to 12:00 pm**, in the Bristow Public Library meeting room.

Please let me know if either of these dates will work for you.

Thank you,  
Diane Stevenson
